

VALCO - SIDE MOUNT LEVEL SWITCH- ML SERIES

00.0002.5675

53mm length, Polypropylene, NC/NO, 1.5M cable, Max
3 bar

- Polypropylene or PVDF materials
- Working pressure up to 6 bar
- Working temperature up to 130°C
- Reed switch SPST or SPDT
- IP65 Protection class

PRODUCT DESCRIPTION

The ML series level switches are a simple, reliable and economic solution for the control of level in applications where space and ease of installation are compulsory.

TECHNICAL DATA

Current	0.5AC/0.7DC
Electrical connection	Pre-cabled 1.5m
Function	N/O & N/C
Manufacturer part no.	S1.PML.3D.GC-.Z.C1
Material of seals	FKM
Material of wetted parts	Polypropylene
Mounting	Horizontal
Pressure max	3 bar
Specific gravity	0.6
Temperature operational max	90 °C
Voltage	300AC/350DC

Water

Oil
