## PRODUCT DESCRIPTION

The HYGIEMAG switch - CMR-F is a magnetic switch made of high tolerance stainless steel, which is ideally suited for applications in the food and pharmaceutical industry. It allows to switch currents, depending on the model, to 1 A or 2 A . The slim switch housing - 20 mm gives the possibility of mounting in applications with a limited space for mounting. The switch is resistant to pressure washing. Mounting screws from the bottom makes the switch ideal for demanding food applications.
