CODIX 52U LED DISPLAY 10-30VDC

- 10-30VDC
- Dual, Universal function
- 6 Digit display
- 60 kHz Max. Input

PRODUCT DESCRIPTION

The dual function universal counter is available with 4 different counter values, Adding bill / Tachometer, Adding bill / totalling, Adding bill / time counting and Time bill / total time. Toggles between the 2 selected counter values by pressing a button on the front of the counter. LED display with 6 x digits, 8 mm. Cable connection with screw terminal. The counter comes with clamps, gaskets and separate front frames to fit 25x50 mm panel holes. One for screw fitting and one without.
This counter has large buttons and can even be handled while wearing gloves.
The counter manages and displays two different values which have to be displayed simultaneously.
The available combinations are:
- Total 1 / Total 2
- Total / Time
- Total / Tacho
- Time 1 / Time 2
