HYGIENIC DOOR HANDLE HYDH

HYDH

1HYDH.2
Hygienic door handle, Hand free attatchment for round and square handles, Beige

- Tool-free installation
- Fits left or right handed handles
- Tamperproof and theft proof clamps
- Suitable for round and square handles
- Resistant to cleaning fluid and diinfectants

PRODUCT DESCRIPTION

Everybody operates door handles. Consequently, one can assume that there is a particularly strong chanceof germ build up on them, especially at places with a lot of public traffic.
With HYDH you reduce the possibility of transmission of various types of germs e.g. Corona and Influenza viruses and bacteria.

The HYDH can be operated by the forearm or elbow and is suitable for mounting on round, oval and square horizontal door handles, left or right hinged.

Round Handles - Min.:19mmø
Max.:22.5mmø

Square Handles - Min.: 9mm x 21mm
Max.: 16mm x 16mm

It is simply and securely snapped on the existing door handle without the need for tools.

,* THE HYDH is not permitted for doors according to EN 179:2008 (escape routes) and doors according to DIN 18 273:1997 (special fire protection) *
