NH SN SECTIONABLE NEUTRAL FUSE BASES 690V

334103
NEUTRAL BASE NH 00 I screwed fixing "screw / screw"

- Rated current of up to 630A
- Flammability: (UL94) V0
- Silver plated copper contacts
- Screw mounted

PRODUCT DESCRIPTION

NH Sectionable neutral bases are designed for easy mounting with screws, ensuring a secure connection for neutral applications. They feature a screw-screw connection mechanism for reliable electrical connections. These bases are compatible with NH00 and NH0 fuse links and can be installed in NH ST fuse bases with connection accessories.

Constructed from self-extinguishing materials with silver-plated copper contacts, these bases offer both safety and conductivity. They are compliant with the European Directive RoHS, ensuring they meet environmental standards by avoiding certain hazardous substances in electrical materials.

TECHNICAL DATA

GENERAL DATA

Type	NH00
Rated current	160 A
Voltage ac max	690 V

ADDITIONAL DATA

Weight	130 g
Pack size	3
