- Versatile and easy installation
- Finger-touch safe construction
- Codable
- Freely configurable

### PRODUCT DESCRIPTION

#### Wall bushing for ZST

CONTA-CLIP's modular and flexible ZST connection systems are in high demand wherever off-the-shelf units need to be connected or replaced. Pluggable wiring is thus permitted up to a rated current of 24A and a rated voltage of 500V.

Effective panel feed-through bushings can be constructed simply by snapping the ZST-WA mounting adapter onto the ZSTK 2.5/.../B coupling element. These multi-pole units snap on sideways to the panel; the pressure on the inner slide mechanism ensures a secure attachment to the housing! The outer connector unit can be optionally fitted with locking elements.
