### PRODUCT DESCRIPTION

Conta-Clip now offer their Push In technology DIN Rail terminals in a compact foot print desgined to fit on TS15 din rail.

These are ideal where space is at a premium and a quicker fail safe connection is required.

The terminals have a built in cross connect channel and can take cable sizes up to 2.5mm<sup>2</sup>.

The PSLM 2.5 is the Earth version, that snaps directly on to the din rail and provides an earth connection to ground
