

## SAMOA 3" PNEUMATIC DIAPHRAGM PUMP

Metallic

UP30A-CAC-ATZ  
UP30, AODD Pump, 3", Aluminium, Teflon, 1000 LPM,  
ATEX

- Pump Size 3"
- Connection Types - BSP/NPT Center Ports, ANSI/DIN Center Flange
- Max. Flow Rate 1000 LPM
- Operating Pressure 1.5 - 8 bar

### PRODUCT DESCRIPTION

## TECHNICAL DATA

|   |                          |
|---|--------------------------|
| Approvals                                       | CE ATEX, UKCA, EAC       |
| Country of origin                               | Spain                    |
| Diaphragm Type                                  | 2-Piece                  |
| Fluid Displacement Per Cycle                    | 10 litres                |
| Fluid Port Connection Type                      | ANSI/DIN, Central Flange |
| Material Air Section (Central Body & Air cover) | Aluminium                |
| Material Of Diaphragm                           | PTFE                     |
| Material of valve ball                          | PTFE                     |
| Material of valve seats                         | Aluminium                |
| Material of wetted parts                        | Aluminium                |
| Max suction lift - Dry                          | 6 m                      |
| Max suction lift - Wet                          | 8 m                      |
| Max. Flow Rate                                  | 1000 LPM                 |
| Max. Size Of Suspended Solids                   | 12.7 mm                  |
| Net Dimensions                                  | 575mm x 436mm x 905mm    |
| Net Weight                                      | 71 kg                    |
| Operating Pressure                              | 1.5 - 8 bar              |
| Pump size                                       | 3"                       |
| Pump type                                       | Metallic                 |
