THK - FBL TELESCOPIC SLIDE RUNNER

FBL35T

- Compact construction
- Easy instalation
- Cost effective

PRODUCT DESCRIPTION

THKs FBL range is a compact, easy to install and affordable linear rail system.

It has two bearing blocks placed between the inner and outer rails. These are not in contact with each other, giving a telescopic action.

FBL is also treated with zinc, which makes it highly corrosion resistant

TECHNICAL DATA

Stroke max	506 mm
