# VALCO - TEMPERATURE SWITCH

TRM.204

00.0005.0068
TRM-204.100.15GO.2.S1.IP65

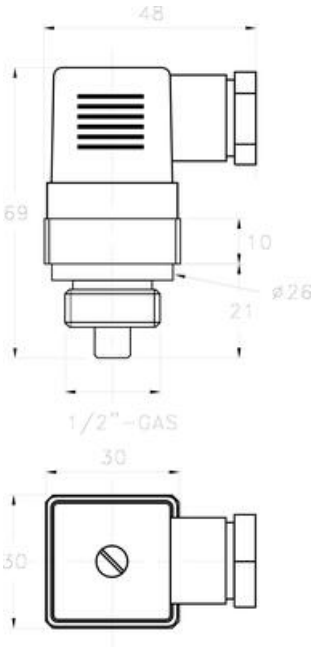

- +40 °C to +130 °C
- IP65
- Good Accuracy
- Easy to install

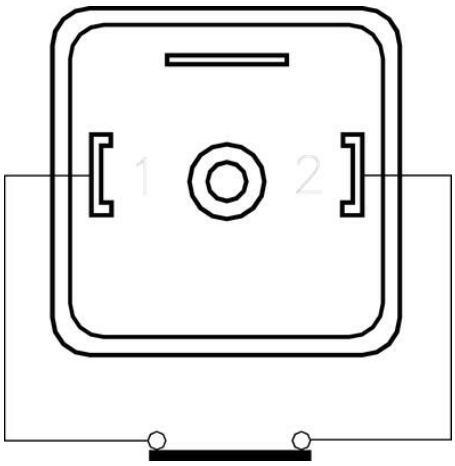

### PRODUCT DESCRIPTION

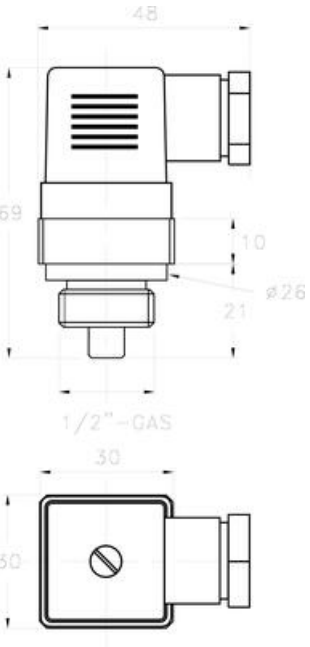

Valco temperature switches open or close at a factory set switching point. The temperature switch can be mounted in all directions and is suitable if, for example, you want an alarm for when the temperature becomes too high or too low.
