- Ferrule Crimp tools
- End or side entry
- Square or Trapezoidal crimp
- Cable Stripping tools
- Replacement Blade modules

### PRODUCT DESCRIPTION

CONTA-CLIP offers a selection of cable preparation tools which help you to efficiently process wires and cables. This includes combined wire stripping and cutting tools for removing insulation from wires quickly and precisely.
We also offer one-handed crimping tools for bootlace ferrules, cable lugs and (BNC/TNC) plugs.
All the crimp tools are auto locking and spring release to ensure the optimum crimp connection.
