VALCO - SIDE MOUNT LEVEL SWITCH- ML SERIES

00.0002.9119
53mm length, PVDF, NC/NO, 10M cable, Max 6 bar

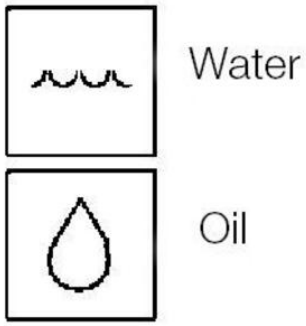

- Polypropylene or PVDF materials
- Working pressure up to 6 bar
- Working temperature up to 130°C
- Reed switch SPST or SPDT
- IP65 Protection class

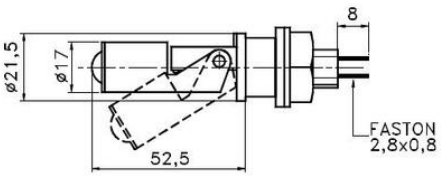

PRODUCT DESCRIPTION

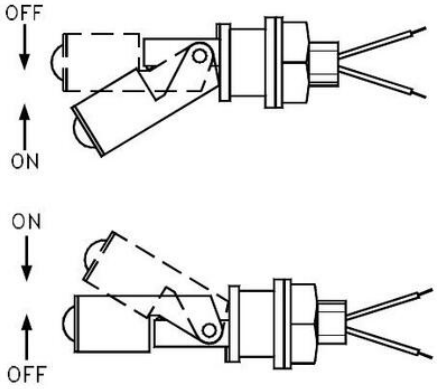

The ML series level switches are a simple, reliable and economic solution for the control of level in applications where space and ease of installation are compulsory.

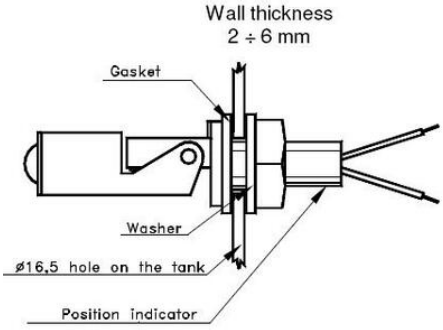

TECHNICAL DATA

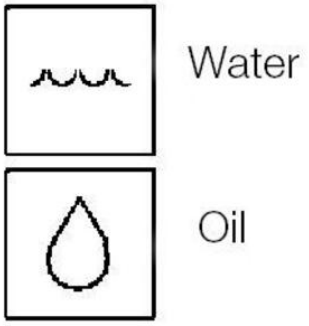

Current	0.5AC/0.7DC
Electrical connection	Pre-cabled 10m
Function	N/O & N/C
Manufacturer part no.	S1.FML.3D.GC-.Z.C10M
Material of seals	FKM
Material of wetted parts	PVDF
Mounting	Horizontal
Pressure max	6 bar
Specific gravity	0.75
Temperature operational max	130 °C
Voltage	300AC/350DC
