TECNOPLASTIC - FLOAT SWITCH -TAURUS

TECNOPLASTIC

GTA53X106GG01 Double function, H05 RNF, 6M cable

- Internal counterweight
- 20 metres maximum depth
- Up to 60°C
- Three chamber design

PRODUCT DESCRIPTION

Unlike traditional floats that float on the water's surface, the Taurus level switch, thanks to its special construction of an integrated counterweight, remains under water.

The Taurus has three watertight chambers meaning it is very robust and reliable in critical applications. Used alone or in multiples, minimum and maximum levels/high and low alarm outputs can be maintained and adjusted easily.

- Drainage plants
- Pumping stations
- Dirty water systems.
