

## TECNOPLASTIC - FLOAT SWITCH - FLOTEC

GFLH3X115NG01

Double function, H07 RNF, 15M cable

- Maximum depth 20 meters
- Single or double function
- Up to 50°C
- Double chamber design

### PRODUCT DESCRIPTION

The Flotec level switch is designed for extreme applications where greater buoyancy is required. double chamber construction. This level regulator also features a double chamber design for extra durability and protection and works in the opposite way to the Taurus level switch.

- Drainage plants
- Pumping stations
- Dirty water systems

### TECHNICAL DATA

|                          |                        |
|--------------------------|------------------------|
| Activation angle         | 45 °                   |
| Approvals                | CE, TÜV                |
| Cable length             | 15 m                   |
| Cable type               | H07RN-F                |
| Counterweight included   | No                     |
| Depth max                | 20 m                   |
| Function                 | Changeover (SPDT)      |
| Insulation class         | I-II                   |
| IP class                 | IP68                   |
| Material of float        | Polypropylene          |
| Operating temperature to | 60 °C                  |
| Rated current            | 8 A                    |
| Specific gravity         | 0.7 kg/dm <sup>3</sup> |
| Supply voltage           | 250 V                  |
