TECNOPLASTIC - TECHNO CONNECTOR

ACCCONTEC0002

- Replacement for heat shrink or insulating tape
- IP68 Protection grade
- Suitable for 7mm to 12mm cable
- Up to 125°C

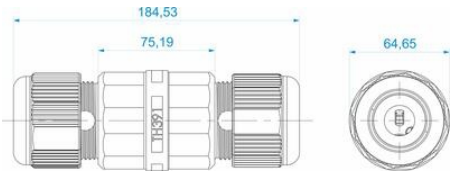

PRODUCT DESCRIPTION

This innovative product from Tecnoplastic is a great way to make a safe connection between two cables, taking over from heat shrink tube or insulating tape. They offer two types, a 3 and 4 pole.
For the 3 pole version the screw can pierce the cable sheath with no need of stripping it down.

TECHNICAL DATA

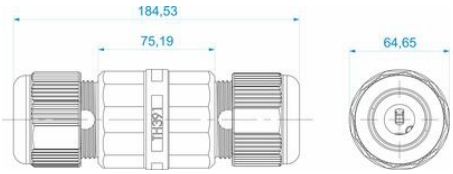

Approvals	EN60998-2:2004, EN60529:1991+A1:2000, EN60998-1:2004
Cable diameter	7mm ... 12mm
Depth max	10 m
IP class	IP68
Max. torque	2.5
Number of poles	4
Operating temperature to	125 °C
Power	max. 16A, 250V-400V
Strain relief	PBT UL94 V0
