TECNOPLASTIC - KOALA

ACCGLEA100001
Leaf Bracket For 1 Koala TP

- Patented product and kit
- Polypropylene body
- SST 304 brackets
- Plugs suitable for various building materials like plastic, plasterboard, wood or concrete

PRODUCT DESCRIPTION

This is a cable holder accessory that can be supplied with dedicated brackets.
Thanks to its design it can be easily fastened to both Leaf and Liana brackets reducing the time needed for installation and maintenance. Plus, the portion of bended cable is less vulnerable to breakage.
The Koala can hold both cable sizes of H05 (Ø7,5mm) and H07 (Ø9mm) by turning its lower half. The bracket can also host other standard cable glands with a 16mm diameter
