

## EFFILUX EFFI-FLEX MODULAR BAR LIGHT

Adjustable beam angle LED bar

FLEX-10-525-TR-P0

Bar light, 10LED, 235mm, Green 525,transparent

- Intense and uniform illuminated area
- Continuous or strobe mode
- Full range of colors: from UV to IR, white, tricolor
- Adjustable illumination angles (4 angles) & different projection windows

### PRODUCT DESCRIPTION

EFFI-Flex is a product that suits your needs with different lens adjustment positions. It 's an adjustable product in terme of wavelength, a compact and easy to install product.

The EFFI-Flex led bars are fitted with high power LED. Through its diffusers (transparent, semi-diffuse and opaline) and polarizers, EFFI-Flex provides a directional, darkfield or diffuse lighting adapted to many machine vision applications.

## TECHNICAL DATA

### TECHNICAL DATA

|                            |              |
|----------------------------|--------------|
| Wavelength                 | 525          |
| Colour                     | Green        |
| Length                     | 235 mm       |
| Width                      | 51 mm        |
| Connector/controller       | M12 - 4 pins |
| Supply voltage             | 24 V DC      |
| Operating temperature      | 0°C - 50°C   |
| Approvals                  | CE, RoHS     |
| IP class                   | IP50         |
| Optional linescan filter   | Yes          |
| Optional polarising filter | Yes          |
| Number of LEDs             | 10           |
| Lens type                  | Transparent  |
| Angle of emission          | 90 °         |
| Housing material           | Aluminium    |
