EFFILUX EFFI-COAX COAXIAL LIGHT

EFFI-COAX-050-R
Effilux Coaxial LED light, Red 630, 50

- Various Wavelengths
- Lightweight Lighting
- Competitive lighting quality across variant sizes
- New to market

PRODUCT DESCRIPTION

EFFI-COAX is a range of coaxial LED lights commonly used for illuminating reflective surfaces.
Whilst light in weight and compact, this range offers an efficient method of illumination from various sizes.
Typical applications for these lights vary across surface inspection, texture inspection and inspection of reflective objects(metal, glass etc.).
