

## P20Z AC SIGNAL TRANSDUCER

AC Current or AC Voltage

P20Z0132200

P20Z Transducer, 0-60V, 4-20 mA, 20-40V dc, Screw Plug-in

- AC current or voltage input
- 0>10V or 4>20mA output
- Wide voltage, AC/DC control

### PRODUCT DESCRIPTION

Please refer to the [data sheet](#) for ordering keys and [contact us](#) for more information.

### TECHNICAL DATA

|                      |                                            |
|----------------------|--------------------------------------------|
| Accuracy             | 0.2 accuracy class                         |
| Additional functions | Free eCon software (using PD14 programmer) |
| Dimensions           | 22.5 x 120 x 100 mm                        |
| Display              | No                                         |
| Input type           | 0-60V                                      |
| IP class             | IP50                                       |
| Mounting             | TS 35, DIN rail                            |
| Outputs              | 4-20 mA                                    |
| Power consumption    | 4 VA                                       |
| Supply voltage       | 20-40 V ac, 20-60 V dc                     |
| Weight               | 0.125 kg                                   |
