### PRODUCT DESCRIPTION

CONTA-CLIP offers a wide range of cable trunking for a variety of different installation applications. The trunking has excellent dimensional stability and is burr free to prevent damage to cables and the installer. They also feature tight fitting covers which are easy to snap on and off. The pegs have pre-determined breakage points so that the cable trunking can easily be modified for your cabling. They are available in various sizes and in a halogen-free version.

- Material: Rigid lead-free, silicone-free & cadmium-free PVC, flame retardant, in accordance with UL 94 V-0, Self-extinguishing.
- Colour: grey (RAL 7030)
- UL File No. E468415
