

EC SERIES DC MOTORS

Modular range with IP66 and Rear Shaft options

EC020.120

- 12-24Vdc
- 42, 52, 65, 81, 104, 110mm Diameters
- 20-600W
- Torque to 1.9Nm
- IEC Flange

PRODUCT DESCRIPTION

A modular and robust range of brushed DC Motors from 42 to 110mm diameter with IP66 and rear shaft options.

Whilst ideally paired with Transtecno's CM range of gearboxes their IEC flange plate allow for mounting on a wide range of gearboxes

TECHNICAL DATA

IP class	IP20
Length	90 mm
Max. torque	0,08
Motor with gear	No
Nominal current	2,6 A
Nominal speed	3000 rpm
Nominal torque	0,06
Power	20 W
Supply voltage	12 V DC
Weight	0,4 kg
