

KUBLER SLIP RING SRI085

SRI085.D0835

- Modular system
- Maintenance-free signal transmission
- Lifespan 500 million revolutions
- Two-chamber system

PRODUCT DESCRIPTION

In the SRI085 series, PT100 signals are transmitted by means of a contactless inductive connection. This secures the data channels without maintenance requirements.

The design is modular and offers the greatest flexibility in a number of different applications. SRI085's housing is built in fiberglass-reinforced polycarbonate for use in industrial use.

TECHNICAL DATA

| | |
|-----------------------------|------------|
| IP class | IP65, IP50 |
| Operating voltage ac max | 240 V |
| Temperature operational max | 85 °C |
| Temperature operational min | -30 °C |
