PRODUCT DESCRIPTION

The Sony Alpha 9 III (ILCE-9M3) is a cutting-edge full-frame mirrorless camera designed for professionals who demand speed and precision. Featuring a 24.6 MP stacked Exmor RS CMOS sensor and a dual BIONZ XR processor, it delivers lightning-fast performance with continuous shooting at up to 120 fps. The camera boasts an advanced point phase-detection autofocus system with real-time tracking and Eye AF for exceptional accuracy. 4K capabilities, and a 3.2-inch touchscreen LCD, the Alpha 9 III excels in both high-resolution imaging and video. Its robust build and intuitive controls cater to dynamic shooting environments, making it a versatile tool for any professional setting.
