TERMINAL QUICK MARKERS

AS

2573.0000
AS 3/10 G 0 WH Terminal marker

- Single tags
- Compact
- Can be used with SchT holders
- Halogen free
- Can be hand marked

PRODUCT DESCRIPTION

The AS 3/10 are suitable for labelling all terminal blocks, end stops or marker holders 5mm wide or above.
The compact shape and one-character printed tags allow you to put together in any combination. Two or four tags (depending on the terminal block or end stop) can be attached to a single terminal. The markers can also be used with the SchT marker holders, so that they can be read in the vertical direction in up to twelve characters.
