

TRANSFORMER TERMINAL MARKER STRIPS

SB 7.5, PMC SB7.5

9490.7-SP0018

SB7.5/8GW TAGS '480V', Markers for TK/TKS Range

- For TK and TKS series
- Pre-Printed
- Blanks
- Custom versions on request
- Can be hand marked

PRODUCT DESCRIPTION

The SB7.5 and PMC SB7.5 range of terminal markers are designed to fit the new Push-in PTKS, the TK and TKS range of transformer terminals. The SB strips are taken from the PMC Pocket-Maxicards, which have one sheet which contains 5 strips of 8 marker.

These are available Pre-printed or in blanks for hand marking. Custom print is also an option.
