WLK/FLK, BEACON, Ø60MM

840002313
Xenon strobe beacon, Ø60mm, Red, 230-240 V ac, FLK

- Ø60mm Beacon
- Steady, Flashing or Strobe options
- >250 V ac/dc Control voltage

PRODUCT DESCRIPTION

The WLK and FLK Series from AUER provide a cost-effective signalling solution with a high performance-to-price ratio and robust IP65 protection, making them ideal for general industrial signalling applications. These beacons come in a compact Ø60mm size and offer versatile operation modes including steady, flashing, or strobe options. Designed for flexibility, the units support both horizontal and vertical mounting. The FLK Series features a bright Xenon strobe beacon, while the WLK Series includes an incandescent bulb beacon. Both series operate with a control voltage of over 250 V AC/DC, ensuring reliable performance in various environments.
