

## SUNGIL - FLEX-DISC COUPLING, SHD SHDS-56C

- High torsional rigidity
- Compact
- 30 - 120 Nm, up to 7700 rpm
- For 10mm to 70mm diameter shafts
- Supplied machined to shaft requirements

### PRODUCT DESCRIPTION

Robust shaft coupling from Sungil which is able to withstand high torques despite its compact external diameter.

### TECHNICAL DATA

|                       |        |
|-----------------------|--------|
| Angle deviation       | 0,7 °  |
| Axial displacement    | 0,2 mm |
| Parallel displacement | 0 mm   |
| Torque max            | 60     |
