

## ASCO - 2/2 SEAT VALVE AIR CONTROLLED 1/2"-2"

E298A009

Pressure op. valve 2/2 NO 1" Stainless.St

- Normally closed, normally open
- Working pressure 0 to 40 bar
- For temperatures up to +250 °C
- For viscosity up to 5,000 cSt

### PRODUCT DESCRIPTION

### TECHNICAL DATA

#### GENERAL DATA

Connection	G1
------------	----

#### MATERIAL DATA

Material body	Stainless steel 316L
Material of seals	Graphite

#### TEMPERATURE DATA

Temperature of media from	-10 °C
Temperature of media to	250 °C

#### ADDITIONAL DATA

Viscosity max	5000 cSt
Weight	4.12 kg
Throughput	25 mm
Type of valve	Seat valve
Material packing	Stainless steel
Pilot pressure max	10 bar
