LUMEL SM2 ANALOGUE INPUT CONVERTER

SM2022
SM2 Module, 2 x 0-10V & 1x 4-20mA Inputs,20-50V ac/dc

- Conversion of standard signals and temperature into RS485 / Modbus in 4 channels
- Programmable measurement characteristic
- Mathematical functions realized between channels and on channels
- 2 programmable OC outputs
- Full galvanic separation between inputs

PRODUCT DESCRIPTION
