# LUMEL SM2 ANALOGUE INPUT CONVERTER

SM2031
SM2 Module, 4 x 0-400O or Pt100 Input,85-253V ac/dc

- Conversion of standard signals and temperature into RS485 / Modbus in 4 channels
- Programmable measurement characteristic
- Mathematical functions realized between channels and on channels
- 2 programmable OC outputs
- Full galvanic separation between inputs

**PRODUCT DESCRIPTION**
