PANEL MOUNT FEED-THROUGH TERMINALS SDK 4 -16 MM²

Enclosure Feed Through Terminals -SDK Series

17452.6
SDK 16-FP, Outer flange plate for SDK 16

- 32A to 57A, 250V-1000V
- Polyamide 6.6 UL94-V0
- Easy to align side-by-side
- Secure and robust mounting
- Custom colours available

PRODUCT DESCRIPTION

The SDK series is a panel feed-through terminal system designed for use in a wide range of applications including electrical device and enclosure technologies.

This range of terminals provide a flexible modular-based system where a more robust and secure connection is required.

The wide range of system components can be combined to achieve various voltages – with a maximum voltage level of 1000 V (UL 600 V) even at Contamination degree 3.

The insulated housing is made of polyamide 6.6 UL 94 V-0. The pegs can be used to link the housings together to form multi-pole units.
Optional additional flange plates are available for further improved mechanical stability.

The standard range of PMC SB or PMC BSTR marker tags can be used to label the feed-though terminals.

TECHNICAL DATA

GENERAL DATA

Colour	Grey
Additional information	flange plate outside set

ADDITIONAL DATA

Tariff code	85369010
Country of origin	DE
Weight	5.7 g
Pack size	50
