

## ADVANTECH ADAM 60XX & 62XX ETHERNET I/O MODULES

### REMOTE TCP/IP MODULES

ADAM-6052-D  
16-ch Source-type Isolated Digital I/O Modbus TCP  
Module

- Extend I/O functionality over TCP/IP
- Upto 18 channel I/O
- Relay options
- Compatible with Adaptive Vision Studio microfilter

### PRODUCT DESCRIPTION

### TECHNICAL DATA

|                             |                   |
|-----------------------------|-------------------|
| Approvals                   | CE, FCC, RoHS, UL |
| Depth                       | 30 mm             |
| Digital inputs              | 8                 |
| Digital outputs             | 8                 |
| Length                      | 112 mm            |
| Operating voltage dc max    | 30 V              |
| Operating voltage dc min    | 10 V              |
| Power consumption           | 2 W               |
| Temperature operational max | 70 °C             |
| Temperature operational min | -40 °C            |
| Width                       | 70 mm             |
