Panel PC

PPC-306-RN6A
Industrial Panel PC

- Powered by Intel® Celeron® N6210 Dual-Core Processor
- Industrial-Grade 6.5" True-Flat Display with Resistive Touch
- Fanless, Ultra-Slim Design with IP66-Rated Front Panel
- Flexible Expansion via M.2 and Rich I/O
- Wide Temperature & Vibration Tolerance with OS Versatility

PRODUCT DESCRIPTION

Advantech PPC-306-RN6A is a rugged 6.5" industrial-grade panel PC designed for demanding environments. It features a high-brightness VGA TFT LCD with LED backlight, a durable 5-wire resistive touchscreen, and a fanless Intel® Celeron® N6210 dual-core processor. Built with an IP66-rated front panel and wide operating temperature range (-10~50 °C), this compact panel PC ensures reliable performance in harsh conditions. With VESA mounting support, multiple I/O ports (RS-232/422/485, USB 2.0 & 3.0, dual LAN), and up to 32 GB DDR4 memory support, it’s ideal for industrial automation, machine vision, and embedded control applications.
