BATTERY HOLDER FOR DC-UPS

UZK24.262-E1

- 1-battery concept
- Easy to assemble
- Two mounting options: DIN rail or panel/wall mounting
- Easy access to the terminals and the fuse

PRODUCT DESCRIPTION

Introducing our PULS DC-UPS Battery Holders. For use with UB10.241, UB10.242, and UB10.245 batteries, the UZO12.07 is tailored for 7Ah battery NP7-12, while the UZO12.26 suits 24Ah batteries, including NP24-12I, NPL24-12I, and SWL750. If you're working with UB20.241 and UB40.241 batteries, the UZO24.071 is the perfect fit for 2x7Ah NP7-12 batteries, and the UZO24.121 is designed for 2x12Ah NP12-12 batteries. Plus, the UZS24.100 Temperature Sensor Board, included with UZO24.071 and UZO24.121 models, optimizes battery life for your applications. For ATEX-compliant models, explore the UZK series. Enjoy a hassle-free power solution with PULS DC-UPS Battery Holders, complete with fuse holders and fuses to ensure seamless performance.
