## IDEM ROPE PULL SWITCH GLHL-SS & GLHR-SS STAINLESS STEEL

145009-AS GLHR-SS M20 '4NC 2NO' E Stop & Steady LED 24V

- Up to 100 m per switch
- 4 NC contacts + 2 NO contacts
- Duel colour LED
- Integrated emergency stop button
- ATEX Version available

## PRODUCT DESCRIPTION

The GLHR/L-SS is a robust heavy duty safety rope pull switch and is designed to protect long conveyor lengths up to 125m (2 switches) or up to 100m using a single switch.

The stainless steel 316 housings are designed specifically to withstand the tough environments found in the food and pharmaceutical industries.

They will survive chemical and detergent washdown by providing all stainless steel parts and robust IP67 and IP69K sealing by using integral bellows and gaskets.

They can be used to complement the GLHD-SS (dual head) versions at each end of the rope.
