Keystone Module Adaptors and Modules for KDS Range

29117.0
KDS-A/KS HDMI Keystone Module

- Cover can remain securely open or closed
- Can fit various keystone modules
- Snap in assembly for easy instillation
- IP66
- USB 3.0, USB-C, RJ45 and HDMI Inserts

PRODUCT DESCRIPTION

The KDS-DEG-A/KS-D and KDS-DEG-AI/KS-D sealing elements are compatable with the KDS and KDSI cable entry systems, allowing for the integration of various keystone modules offering secure cable managment for various wires. These seals offer an IP66 rated cover that can be left securely open or it can be closed to protect the end of the wires from water, dust and other contaminents. The sealing elements can be easily installed without requiring any machine disasembly offering a cost and time effective solution for adapting cable management systems.
