

AH SERIES M6.5 INDUCTIVE SENSORS

Micro Detectors AH Inductive Sensor

AH1/CN-3A
IND.SEN D6,5mm LD shielded NC/NPN cable

- 1.5 - 4mm sensing range
- Flush or Non-flush
- PNP or NPN
- IP67
- 2m cable or M8/M12 connector

PRODUCT DESCRIPTION

The Micro Detectors' brand was acquired by Datasensing. The AH series of inductive sensors feature a sensing range of 1.5-4mm and 2m cable or M8/M12 connection.

Inductive sensors are used for position indication, impulse or motion detector for metallic objects. The sensor has no moving parts and is therefore suitable for applications with high contact frequency. Due to the compact and easy-mounted design of the sensor as well as the contact-free function, the sensor is normally not subjected to mechanical wear.
