ORLACO REARVIEW KIT

Reversing camera system

ORL0401861
Rear view camera kit

- IP68
- Vibration resistant
- Temperature range from -40°C to 85°C
- Plug and play

PRODUCT DESCRIPTION

Orlaco Famos offers many alternatives in terms of the width of the field of view, from 20 ° angles up to 170°.
The cameras have IP68 and have a heated lens which prevents frost formation and condensation. All cameras come with 0.5M cable and waterproof connector.
Orlaco's reversing cameras are suitable for most vehicles and applications regardless of environment.
