FORCE TRANSDUCER FOR **TENSION/COMPRESSION F2301**

Thin-film Technology

F23011550006 Force sensor +/-500kN, tens/comp, 0-10V

- Force range from 1-500 kN
- Stainless steel IP67
- Accuracy <0.2%
- Amplified output signal 4-20 mA or 0-10V DC
- ATEX / SIL3 options

PRODUCT DESCRIPTION

Wika's F2301 is a force transducer in compact design for tension or compression measurement or combination of both. Integrated analog output signal 4-20 mA or 0-10 V with thin-film measuring cell that provides good long-term stability and good repeatability and has protection against shock and vibration. Standard M12 electrical connection for easy assembly. For use in e.g. machines, vehicles, tractors, loaders, lifting devices, cranes and lifts. The force transducer is made of stainless steel, which makes it suitable for mounting in tough and aggressive environments. Available in SIL3 version where high personal safety is a requirement.

Special designs

- Other output signals such as 0.5-4.5 V ratiometric, 0-5 V DC etc
- SIL3 approved
- · Alternative connections and power ranges
- EX-rated design

TECHNICAL DATA

Connection M12x1 Function Drag & press IP class IP67 Material Stainless steel 17-7 PH Power range max 500 kN Power range min 0 Response time 1 ms Signal type 0-10 V Storage temperature max 85 °C Storage temperature min -40 °C Supply voltage dc max 30 V DC Supply voltage dc min 14 V DC Temperature operational max 80 °C		
IP class Material Stainless steel 17-7 PH Power range max 500 kN Power range min 0 Response time 1 ms Signal type 0-10 V Storage temperature max 85 °C Storage temperature min -40 °C Supply voltage dc max 30 V DC Supply voltage dc min	Connection	M12x1
Material Stainless steel 17-7 PH Power range max 500 kN Power range min 0 Response time 1 ms Signal type 0-10 V Storage temperature max 85 °C Storage temperature min -40 °C Supply voltage dc max 30 V DC Supply voltage dc min 14 V DC	Function	Drag & press
Power range max 500 kN Power range min 0 Response time 1 ms Signal type 0-10 V Storage temperature max 85 °C Storage temperature min -40 °C Supply voltage dc max 30 V DC Supply voltage dc min 14 V DC	IP class	IP67
