MOLEX - I / O CENTRAL ULTRALOCK ™ / M12

BKY405PFBP10
Splitterbox M12 4-port twin 10m PUR

- Quick, easy, secure connection
- 4.6 or 8 ports
- Up to 5 M cycles in cable chain
- Enclosure class IP67, IP68, IP69K

PRODUCT DESCRIPTION

The Brad Harrison splitter box facilitates connection and control of inductive sensors, photoelectric sensors, solenoid valves, pressure switches, limit switches, etc. LED indication and large, clear rating plates permit fast function control and reduce troubleshooting time in the event of stoppages.

TECHNICAL DATA

Cable length	10 m
Coding	A
Colour cable	Black
Connection	M12, Ultra-Lock
Drag Chain Tested	No
Housing Colour	Yellow
IP class	IP67, IP68, IP69K
LED indicator	Yes
Material of connection	Metal
Number of ports	4
Power / port max	2 A
Power / tot max	12 A
Supply voltage dc max	30 V DC

Supply voltage dc min	10 V DC
Temperature operational max	85 °C
Temperature operational min	-25 °C
