

## ASCO - 2/2 DIRECT/SERVO-ACTING 3/8"-1"

SCE210C073  
Solenoid valve 2/2 NC 3/8" 230/50

- Normally closed
- Working pressure 0 to 24 bar
- Housing in brass or stainless

### PRODUCT DESCRIPTION

### TECHNICAL DATA

|                                 |                        |
|---------------------------------|------------------------|
| Connection                      | 3/8 BSP                |
| Differential air pressure max   | 9 bar                  |
| Differential oil pressure max   | 9 bar                  |
| Differential pressure max       | 9 bar                  |
| Differential pressure min       | 0,35 bar               |
| Differential water pressure max | 9 bar                  |
| Flow max                        | 21,7 l/min             |
| Function 1                      | 2/2                    |
| Function 2                      | Normally Closed (SPST) |
| IP class                        | IP65                   |
| Material body                   | Brass                  |
| Power consumption               | 6 W                    |
| Temperature of media from       | -20 °C                 |
| Temperature of media to         | 90 °C                  |
| Throughput                      | 9 mm                   |
| Voltage AC                      | 230 V                  |
