## IDEM HEAVY DUTY SAFETY ROPE PULL SWITCH (LEFT HAND) GLHL & (RIGHT HAND) GLHR

141037-FZ GLHL M20 '4NC 2NO'

- Can be used up to 100m in length using just one switch
- 4NC 2NO contacts to ensure flexibility
- Duel colour LED
- ATEX version available

## PRODUCT DESCRIPTION

The GLHL/R is a robust die-cast Heavy Duty Safety Rope Pull Switch designed to protect long conveyor lengths where protection is required up to 125m using two switches or up to 100m using a single switch. The die-cast housings are robust to survive indoor or outdoor use.

A bi-colour LED ensures switch status can be seen easily from a distance. They have 4NC 2NO contacts to ensure flexibility with all modern control applications and optional Explosion Proof contact blocks are available.

They can be used to complement the GLHD versions at each end of the rope span.
