

## PANEL MOUNT FEED-THROUGH TERMINALS SDK 4 -16 MM<sup>2</sup>

SDK Series

17438.6

BS-SDK4 3x10, Inner mounting screws for SDK 4

- 32A to 57A, 250V-1000V
- Polyamide 6.6 UL94-V0
- Easy to align side-by-side
- Secure and robust mounting
- Custom colours available

### PRODUCT DESCRIPTION

The SDK series is a panel feed-through terminal system designed for use in a wide range of applications including electrical device and enclosure technologies.

This range of terminals provide a flexible modular-based system where a more robust and secure connection is required.

The wide range of system components can be combined to achieve various voltages – with a maximum voltage level of 1000 V (UL 600 V) even at Contamination degree 3.

The insulated housing is made of polyamide 6.6 UL 94 V-0. The pegs can be used to link the housings together to form multi-pole units. Optional additional flange plates are available for further improved mechanical stability.

The standard range of PMC SB or PMC BSTR marker tags can be used to label the feed-through terminals.

### TECHNICAL DATA

<b>Country of origin</b>	DE
<b>Length</b>	10 mm
<b>Pack size</b>	100
<b>Screw size</b>	EJOT PT-K - 3,0
<b>Screw type</b>	Phillips cross slotted
<b>Tariff code</b>	85369010
<b>Weight</b>	0,01 g
