# TERMINAL MARKER POCKET-MAXICARDS

PMC

9233.7
PMC SB 6/50 FW 311-320 terminal marker/Pocket-Maxicard

- Pre-Printed
- Blank options
- Horizontal or Vertical
- Polyamide 6.6
- Easier to handle

PRODUCT DESCRIPTION

PMC Pocket-Maxicards generally contains 5 strips of 10 markers, depending on size.
These tend to be easier to handle and give you a greater choice of numbering to cut down on the amount of part numbers you need to order.

The PMC's are available as with consecutive number/character sequences in horizontal (FW) or vertical (FS) format and individual characters/numbers in horizontal (GW) or vertical (GS).

MC Maxicards are blank sheets containing up to 20 strips of 10 (200 markers). The sheets are delivered custom marked or blank to be used on the EMS plotting system or by hand using the BS 1 marker pen.

You can order custom marking sheets or purchase your own plotter. Please call with your requirements.
