

OUTDOOR FILTER FAN

FF 018

- > Filter changeable from outside
- > Safe, lockable

- > Impact resistant
- > Weather proof and UV resistant

The outdoor filter fan can be used in outdoor enclosures where warm air has to be dissipated on account of increased thermic development. The plastic casing is weather proof and resistant to UV light. To clean and exchange the filter mat, it is only necessary to open the lockable door of the outdoor hood.
